

Dr. Abdul Kalam School

AKS Bytes Grade 4

July 2025

"You have to dream before your dreams can come true."

Dr. A.P.J. Abdul Kalam

Dear Parents,

July has been a month full of exciting learning and activities for our Grade 4 students at AKS School. As we delve into the curriculum highlights, the students have been diligently preparing for their upcoming assessments and tests in various subjects.

In English, the students have been focusing on preparing for the Exit ticket test by revising the questions and answers from the book "The Tree Lady." They have also been engrossed in reading and discussing the vocabulary and comprehension from the lesson "How Many Days to America."

In Hindi, the students have been immersed in Unit 1 and Unit 2, reading and revising pages, learning new words, and writing Barakhadi to strengthen their language skills. They have also been practicing for their upcoming spell bee tests and class tests.

EVS has been an engaging subject for the students as they learn about teeth and digestion. They have been drawing structures of teeth and understanding the layers of a tooth, preparing for their PA1 exams. Additionally, they have been focusing on adaptation in plants and learning new words for upcoming assessments.

Mathematics has been a challenging yet rewarding subject for the students as they work on completing various exercises and worksheets. They have been practicing additions, completing workouts, and preparing for exit ticket tests.

In Telugu, the students have been reading and writing poems, preparing for reading tests, and completing homework assignments diligently. They have also been practicing spellings and vocabulary to enhance their language skills.

Apart from academics, our students have been actively participating in various activities such as Cricket Week, computer lab sessions, art and craft activities, and math lab activities. They have been honing their skills in ball catching, speaking, bowling, and yoga posture drawing, among other activities.

As we conclude the month of July, we are proud of the hard work and dedication our Grade 4 students have shown in their academics and extracurricular activities. We look forward to more exciting learning experiences and achievements in the coming months.

Warm Regards,

Team@AKS

AKS Bytes July 2025

Cricket Week : 1 Skill : Ball Catching leg moment practicing

Students had a fantastic time practicing their ball catching skills during Cricket Week! Joyful moments were shared as they honed their leg movements on the field.

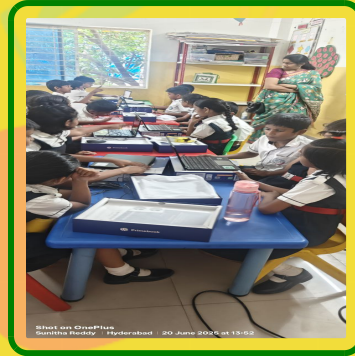

AKS Bytes July 2025

Computer lab

Students had a great time exploring new programs and learning computer skills in the lab.

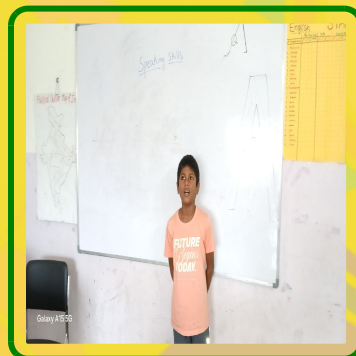

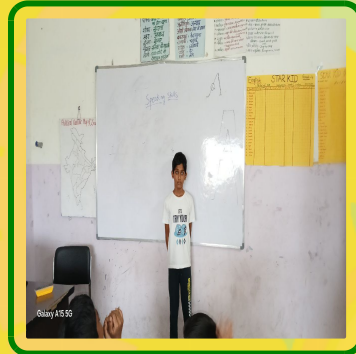

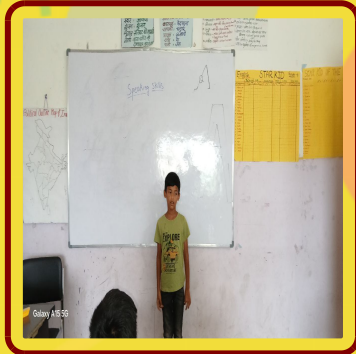

AKS Bytes July 2025

Speaking skill

Students had a blast practicing their speaking skills in a fun and interactive activity. Students enjoyed honing their speaking abilities in a lively and engaging session. Participants had a great time building their confidence through a speaking exercise.

AKS Celebrations

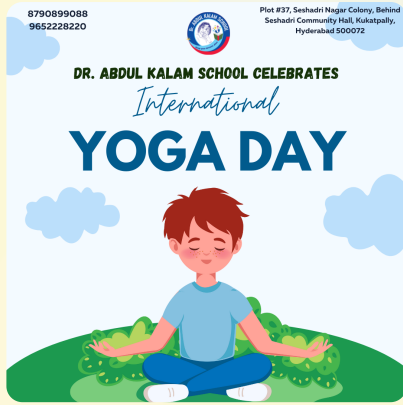

First day of school

We are thrilled to welcome you and your children to the start of an exciting new academic year at Dr. Abdul Kalam School. Our dedicated team of educators has worked tirelessly to create a nurturing and stimulating environment that will help your children thrive. We are committed to supporting each student in reaching their full potential, and we look forward to a year of discovery and achievement.

International Yoga Day

On International Day of Yoga, celebrated annually on June 21st, our school organized a vibrant event where both children and teachers enthusiastically participated in various yoga asanas. The children eagerly engaged in practicing different poses such as the Tree Pose, Warrior Pose, and Downward-Facing Dog, while the teachers supported and joined in the activities. The event fostered a sense of community and well-being, as participants of all ages enjoyed the physical, mental, and spiritual benefits of yoga. The joy and energy were palpable, making it a memorable celebration of health and harmony.
