July 2025

"You have to dream before your dreams can come true."

Dr. A.P.J. Abdul Kalam

Dear Parents,

As we dive into the month of July, our nursery class is buzzing with excitement and creativity. Our little ones have been busy exploring the world of literacy through various engaging activities and projects.

In our literacy curriculum, we have been focusing on practicing writing standing lines to help improve fine motor skills. The children have been diligently working on their art, lines, and patterns book, where they have been honing their skills through different exercises and activities. From tracing lines to creating their own patterns, our students have been showcasing their creativity and imagination.

In addition to their regular classwork, the children have also been given homework assignments to reinforce their learning and practice their literacy skills at home. This extra practice has been instrumental in helping them solidify their understanding of the concepts taught in class.

Apart from their academic pursuits, our nursery class has been enjoying a variety of activities to keep them engaged and entertained. From storytelling sessions to music and movement activities, our students have been exploring different ways to express themselves and have fun.

As we immerse ourselves in the month of July, we look forward to celebrating special occasions and milestones with our nursery class. Whether it's birthdays, achievements, or simply enjoying the beauty of summer, we are excited to create lasting memories with our little ones.

We are grateful for the opportunity to nurture and educate your children, and we look forward to the continued growth and development of each student in our nursery class.

Warm regards,

Team@AKS

International Yoga Day Celebrations

On International Day of Yoga, celebrated annually on June 21st, our school organized a vibrant event where both children and teachers enthusiastically participated in various yoga asanas. The children eagerly engaged in practicing different poses such as the Tree Pose, Warrior Pose, and Downward-Facing Dog, while the teachers supported and joined in the activities. The event fostered a sense of community and well-being, as participants of all ages enjoyed the physical, mental, and spiritual benefits of yoga. The joy and energy were palpable, making it a memorable celebration of health and harmony.
