AKS Bytes PP1

July 2025

"You have to dream before your dreams can come true."

Dr. A.P.J. Abdul Kalam

Dear Parents,

July has been a busy and exciting month for our PP1 students at AKS. Our little ones have been actively engaged in a variety of curriculum activities that have not only enhanced their numeracy and literacy skills but also fostered creativity and teamwork.

In Numeracy, students have been diligently completing their homework assignments, practicing their counting, number recognition, and basic mathematical skills. In Literacy, they have been immersed in reading, writing, and language activities that have helped them develop their communication skills and vocabulary. The students have also been working on a special theme project, focusing on body parts and exploring the concept of senses through engaging activities.

In addition to their academic pursuits, our students have enjoyed a range of activities such as Show and Tell, where they had the opportunity to share and learn about each other's favorite things. They also had fun with Alphabet and Numbers Peg Board play, which helped reinforce their understanding of letters and numbers. The students explored the topic of fruits, learning about different types of fruits and their characteristics.

As part of our sensory exploration, the students engaged in activities related to the sense organs, focusing on the sense of smell and taste. These hands-on activities allowed the students to experience and understand the importance of these senses in their daily lives.

Throughout the month, our students have been actively participating in class celebrations and school events, creating a vibrant and inclusive learning environment. Our dedicated teachers have been guiding and supporting the students, ensuring that each child receives personalized attention and encouragement.

As we continue through the month of July, we look forward to more exciting learning opportunities and memorable experiences for our PP1 students. Thank you for your ongoing support and collaboration in your child's education journey.

Warm regards,

AKS Bytes July 2025

First day activity

Our first day activity welcomed students back with smiles and laughter, as they reconnected with friends and shared stories from their summer adventures.

International Celebrations

Yoga Day

On International Day of Yoga, celebrated annually on June 21st, our school organized a vibrant event where both children and teachers enthusiastically participated in various yoga asanas. The children eagerly engaged in practicing different poses such as the Tree Pose, Warrior Pose, and Downward-Facing Dog, while the teachers supported and joined in the activities. The event fostered a sense of community and well-being, as participants of all ages enjoyed the physical, mental, and spiritual benefits of yoga. The joy and energy were palpable, making it a memorable celebration of health and harmony.
